

# PROJECT FLOW

Team ID: PNT2022TMID45847

Project Name: Visualizing and Predicting Heart Diseases with an Interactive Dash Board

## IBM Cloud Account

The screenshot displays the IBM Cloud user interface. At the top, a dark navigation bar includes the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Selvakumar N's Account). The main content area is titled 'Dashboard' and features a 'For you' section with five recommended cards: 'Build' (a large blue card), 'Set up your IBM Cloud account' (10 min), 'Use Text to Speech' (2 min), 'Smart Document Understanding Demo' (5 min), and 'IAM Best Practices' (5 min). Each card includes a brief description and a 'Getting started' or 'Recommended' button. To the right of the dashboard is a user profile menu for 'Selvakumar N' with options for Profile, Log in to CLI and API, Privacy, Change theme, and Log out. Below the dashboard, a row of four widgets is visible: 'News' (with a 'View all' link), 'Recent support cases' (with a 'View all' link), 'Planned maintenance' (with a 'View all' link), and 'IBM Cloud status' (with a 'View all' link). The 'News' widget shows several articles, including 'IBM Tech Now: November 7, 2022', 'Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS', 'TrustRadius Best Software: Five IBM Offerings to Make the List', and 'Announcing IBM Cloud Pak for Network'.
