Project Name: Visualizing and Predicting Heart Diseases with an Interactive Dash Board

IBM Cognos Analytics with Watson

The screenshot displays the IBM Cognos Analytics with Watson dashboard in a web browser. The browser's address bar shows the URL `us1.ca.analytics.ibm.com/bi/?perspective=home`. The dashboard's header includes the title "IBM Cognos Analytics with Watson", a notification badge with the number "29", a search bar labeled "Search content", and user profile controls. The main content area features a welcome message: "Hello. Welcome to Cognos Analytics with Watson." Below this, a sub-message states: "You can get started right away by taking a look at our introduction video, product tour and Getting Started tab." Two buttons are provided: "Watch video" and "Take a product tour". To the right, a user profile for "Vishwa B (96f8082bc5ef)" is shown, with the email `bvishwa33@gmail.com` and a link to "Profile and settings". A sidebar menu lists various options: "My schedules and subscriptions", "Log my session", "About", "Manage product subscription", "Privacy", "Cookie Preferences", "IBM Cognos Analytics Mobile", and "Log out". At the bottom, a "Quick launch" section contains four tiles: "Upload data" (with an upward arrow icon), "Prepare data" (with a data flow icon), "Exploration" (with a magnifying glass icon), and "Present data" (with a presentation screen icon).
